

Magnificent Moses Baskets

By Bebelicious

If you're planning a nursery, and searching for a heavenly vessel in which to lay your little one down to sleep then you really can't go past the good old fashioned Moses Basket. This collection from **bebelicious** features a range of beautiful fabrics and a selection of stands (classic, or contemporary rocking). I'm simply loving the Olive Grove combo as pictured here on the top row, but you can also choose from a range of pink, blue, vanilla, honey, mint, cherry blossom and more.
